02/14/2008		PAPER		

Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Response to Arguments

1. Applicant's arguments filed 1/23/08 have been fully considered but they are not persuasive.
2. As explained in the previous office action, Feutch discloses the structure of the piezoelectric sensor comprising a piezoelectric layer, electrodes and a Bragg reflector located between the piezoelectric and the substrate. Kim discloses a piezoelectric sensor using interdigitated electrodes (idt). As disclosed by Kim, the use idt's (resonators) individually or independently addressable is old and well known in the art.
3. Regarding arguments presented in page 4, second paragraph, it should be noted that Kim was not relied upon to show the reflectors since Feutch discloses such limitation.
4. It is the Examiner's position that the combination of Feutch and Kim discloses the claimed invention as explained above and in the previous office action.

Contact Information

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jaydi A. San Martin whose telephone number is 571-272-2018. The examiner can normally be reached on M-Th 9-7.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Darren E. Schuberg can be reached on 571-272-2044. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
